MISTAKE JOHN'S RISE.

How shall the white men save their faces,
Since John's rise has been so high?
That we're among decadent races

DAILY PUBLIC LEDGER—1893.

"America's Winter Playground."

St. Augustine, Fla., March 5th, 1909.

My last letter was from Daytona the beautiful; but I overlooked stating that it is one of those really good towns, where one just simply can't get a drink of

"I'm Talking to You!"

where a fellow can "wet his whistle" daily, Sundays not excepted—if he has the price. And I hope my Prohibition friends will pardon me if I tell them that in a four weeks' stay here I've seen just one drunken man, and he a professional fisherman on the dock, while the first evening in Daytona I was seated at the dinner table with two intoxicated individuals! This is simply the experience wherever one goes, and shows the utter folly of attempting to suppress the legal sale of liquor, and compelling its illegal sale; for liquor has been drunk all the ages, and it will continue to be drunk for all the ages to come.

One of the most attractive spots in this rare old city is the Plaza de la Constitucion, which contains the Spanish Monument erected in 1813, the Confederate Monument, fountains, and the so-called Slave Market. Of course you

know of Willow Grove, down on the C. and O., which is so named because nothing but locust bushes grow there. It's pretty much the same with this Slave Market, as there never was a slave sold there! It was simply an old Spanish Fish Market, that has been restored and re-roofed and now shelters a flowing sulphur spring. There are scores of comfortable settees scattered through the Plaza, with hundreds of towering palms for the shade, and all day long, and far into the night, hundreds of people sit here and enjoy the balmy Floridian air—well-dressed people, too, who wear silks and diamonds, and smiles. I guess if this Plaza was in Maysville some of our august Councilmen would call it a "loafing place," want it torn away, the space bricked over—and a horse auction located there for the especial benefit of the saloon-keepers on that square! But the City Fathers of St. Augustine are old enough to know better.

I am delightfully located within forty feet of the sea wall on Matanzas Bay, formed by a junction of the Matanzas and North rivers, the former flowing North and the latter South. Here is an ever-changing vista—yachts, launches and "houseboats" scurrying here, there and everywhere, laden with fishers or pleasure parties bound for the beaches and their bathing, oyster lakes, sea shells and coquina. You haven't spent the day pleasantly unless you've had a twenty-mile bostride to the surf, eaten your luncheon to the music of the unceasing breakers, wallowed in the snow-white sand peculiar to the Floridian coast, and crawled into bed at 10:30 p. m. too tired to tell the truth.

I'm making this letter short for the reason that I have an engagement to cross the Bay to see a man, but when I get back I'll try to think up something else to say.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness, Prof. Schourmud, of Paris, France, inoculated a rabbit with hair-draft germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running ear, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for our circular free.

"MAN OF THE HOUR"

STRONG AND GOOD

Politics and Graft Vividly Portrayed in Great American Play

"God help Justice when politics and graft rule our Judges!"

Thus spoke Mayor Bennett last night in "The Man of the Hour," which interested 600 people at the Washington Theater.

The play especially appeals to men—men who are either for or against the stifling of Justice and the triumph or success of graft politics. In last night's rendition of the play the cast was strong and good, except a few weak lines and points in the roles of the hero and heroine. Otherwise, to our mind, the show was right up to the hour and minute as the great American play, portraying vividly, naturally and true to life the great games of love, politics and graft.

Seldom have we seen better acting than was done by Mr. James A. Marcus as "Richard Harrigan," the big belled, bluffing, typical political boss and all around grafter. He was the real goods and by his personality dominated the whole show.

Mr. John Kelley as "James Phelan," the honest ward politician and popular Councilman of the Mike Mallen school, was as good as the best, funny, square and right on the spot with facial contortions and his unique interpretation of his part of the man who downed "Boss Harrigan." The four acts were replete with thrilling playing and appropriate stage pictures, all of which went to make up an evening's enjoyment for the splendid audience which braved the rain and almost filled the house.

The Broadhurst show is a. k. and the receipts went close to the \$400 mark.

WARRINGTON GETS PLUM

Cincinnati Lawyer to be Appointed to the Vacancy on Circuit Bench

President Taft has announced his determination to appoint John W. Warrington of Cincinnati to succeed Judge Richards, deceased, in the Court of Appeals Judgeship. It was hoped that the plum would go to Judge A. M. J. Cochran of Maysville.

Judge Hollister of Cincinnati was also tipped for the place.

FRANKFORT, KY., March 8th—Senator W. O. Bradley, who is in Washington today, wired to Judge Cochran, who is here holding Court, that President Taft had made up his mind to appoint Attorney J. W. Warrington of Cincinnati to the Judgeship made vacant by the death of Judge Richards of Cincinnati. This settles the case.

HISTORICAL SOCIETY

Of Mason County Holds First Meeting—Officers Elected and Committees Appointed

Motto—"Rescue the Past, Preserve the Present, Guard the Future."

The Mason County Historical Society held its first meeting at the Public Library Saturday afternoon. The session was a very interesting one, as much important business was transacted.

A constitution was adopted and about twenty-five members were present.

Miss Ella Metcalfe was appointed Chairman of the Program Committee and Mrs. Frank Clark, Chairman of the Committee on Research. The Society meets monthly on the first Tuesday of each month at 4 p. m. at the Public Library.

The object of this Society shall be to collect and preserve whatsoever relates to the history of Kentucky and of Mason County particularly.

President—J. W. Bradner.
Vice-President—Mrs. Frank Clark.
Secretary—Miss Ella B. Metcalfe.
Librarian—Miss Minnie Richeson.

Another False Prophecy.

One of the arguments advanced a year or so ago in defense of the municipal operation of the Staten Island ferry was that the loss on operation would be more than made good by increased taxable values in the borough of Richmond. Instead of this it is now stated that the ferry deficit absorbs all the tax revenue from that borough, and the cost of operation is apparently increasing more rapidly than the tax revenue. Like other predictions by M. O. "experts," this one seems already to have been disproved, and the evidence continues to pile up to demonstrate that municipal ownership is a luxury of the most expensive sort.

Austrian Railway Deficit.

Consul General Rublee of Vienna reports that the operation of the state railways of Austria resulted in 1906 in a deficit of \$16,849,000. The government then owned only 9,320 miles of road. In the same year the railway mileage of the United States was 224,368. If we had had government ownership of the Austrian type the proportional deficit on our roads for that year would have exceeded \$400,000,000. Instead of such a deficit our roads, under private ownership, showed a surplus, including dividends, of a trifle over \$400,000,000.

Debt, Interest, Taxes.

Our cities owe \$1,355,841,497. This is \$75.00 for every man, woman and child in them—a tolerably sharp reminder that municipalities need to look well ahead before they proceed to add the obligations of business enterprises to those which are incurred in discharging the traditional functions of government.—New York Evening Sun.

New York Loses \$1,390,000.

The report of a special committee of the City club shows that the city of New York lost \$945,000 last year on its operation of the municipal ferry to Staten Island and \$445,000 on the thirty-ninth street ferry. This is at the rate of nearly \$4,000 a day—quite a tidy sum even for the metropolis.

Special Pervert.

Mr. William Kinney of Cincinnati has returned here and is again back on his old job with George Davis.

Mrs. W. J. Welmer and little daughter of Columbus, O., arrived last afternoon to visit her mother, Mrs. Minnie Gunn, who is ill at her home in East Second street.

"2,166"

Mr. L. D. Stout of Oakwoods, Fleming county, is the man who held ticket No. 2,166, which drew the \$50 set of harness at Mike Brown's.

W. F. REYNOLDS.

Mr. W. F. Reynolds died Saturday night at his residence in Lexington, after an illness of several months from cancer of the stomach.

Mr. Reynolds had been a resident of Lexington for the last six years, having moved to that city from this county, where he was born, and reared.

While living in Mason county Mr. Reynolds married Miss Macie Boyd, who survives, with a son, Walter B. Reynolds of Lexington.

The funeral occurred last afternoon, the Rev. E. C. B. Mann conducting the services.

MELVILLE MARSHALL TUCKER.

Malville Marshall Tucker, infant son of Mr. and Mrs. R. C. Tucker, died Monday at 7:45 p. m., aged 17 months. Funeral Wednesday at 2 p. m. Interment in Maysville Cemetery.

Educator Shoe

Very few grown-up people have well shaped feet. That is because, as children, they were forced to wear shoes that crowded the toe joints from their natural position. Educator Shoes have broad toes, giving the joints ample room to grow as they should. Children brought up on Educators reach maturity with shapely, healthy, perfect feet.

Piano Bargains

One word to business people is enough. We are going to make you a business proposition: We are going to buy 100 Pianos and place them in many homes in the county. So if you have a son, daughter or sister that you want to test their musical talent before buying just drop us a card or phone us what kind of a piano you want; but remember, we handle that exquisite tone Eberesole that is so well known throughout this country, and there has been something like

500 sold in Mason and adjoining. We sell more Eberesoles than all other makes combined. We find it a great pleasure to handle the Eberesole, because it is manufactured only 60 miles from Maysville, Ky. Now, of course, we handle a number of different makes of Pianos, and will get you any kind you want. Remember, we buy Pianos and Furniture in such large quantities for cash that we can sell it at the small dealers' cost.

BRISBOIS & DIENER

You'll Approve the Prices!

Of "when" to buy clothes, you're the judge. Of "where" to buy, we hope to give you self-fish advice. If "what" to buy, our salesmen are usually able to make sensible suggestions. As to how much to pay, we have acted as judge in pricing the clothes we offer for sale—and we think that in nine cases out of ten you will feel that the price-verdict has been wholly in your favor.

SOCIAL EVENTS

Since the organization of the Young People's Societies into the Union League of Christian Endeavors interest in this movement has been on the increase. At all their public Union meetings there have been large audiences and much enthusiasm. At their latest meeting—the Union social at the Third Street M. E. Church last Friday evening—those in charge were hardly prepared for the great success of their meeting, for at the hour announced for the program to begin the Church was literally packed, every available seat being occupied and numbers standing.

The program was carried out to the letter. The first item was "Complimentary Introductions," which elicited much pleasure—many learning by this method what others really thought of them. This was followed by "progressive conversation," in which the audience separated into couples and discussed different topics ranging from radium to the latest "Merry Widow" hit.

Next followed musical selections on the piano by Mrs. C. T. Berryman and readings by Miss Helvie Gano, each showing herself an artist in her line. Their selections were loudly applauded and at the close they were given a rising vote of thanks for their kindness in thus assisting in the entertainment. All sincerely hope that they may have the opportunity of hearing these talented ladies again while they are in our city.

The swarding of the banner came next. The contest for it no doubt augmented the crowd on this occasion. While the roll of the Societies was being called the interest was intense. After the per cents were figured up it was found that the Christian Endeavor Society of the Christian Church had won by a very small per cent. The result was received good naturedly and all the Societies signified their intention of going in for a 100% at the next meeting.

Every one was now ready for the ten-course dinner. This could be seen readily in the many hungry-looking faces that were unitedly turned toward the culinary department. Contrary to the usual custom the waiters insisted on being "tipped" before serving the dinner, and as they passed through the crowd the jingle of the coins on the waiters' told in unmistakable tones that they were expecting something.

President Bowden then announced the menu in French, giving each waiter a menu card, and

How Much of Your Income is Spent for Food?

Think it over and you will agree with us that you ought to have best value for your money every time you buy eatables. This very rarely goes with cheapest prices, but it does mean a fair price for good quality and no substitution of something just as good for what you want. Our customers' interests are our own. Try us for your groceries, and if we don't keep your business always that will be our fault.

 2. Les Casse de pois.
 3. Une saumure.
 4. Tout la journee encre d'orge.
 5. Un pain a'echeter.
 6. Le bruler ble.
 7. Une pomme.
 8. Un navet.
 9. L'ognon.
 10. Un verre d'eau et un cure-dent.

As the waiters began to fill their orders the fun began. The folks evidently were not used to the French of it. Imagine a charming young lady's surprise when on ordering Nos. 3, 8 and 10, she received a pickle, piece of turnip and a toothpick. Then a dignified lady ordering Nos. 1, 4 and 7 received blue-pointed matches, an all-day sucker and a piece of apple. A stylish young man with his best girl ordered Nos. 2, 6 and 9 and received peanuts, crackers and a little onion. Another liked the looks of No. 6 and received some popcorn. And so the fun continued. Of course, after such a sumptuous banquet there must be some after dinner speeches. Mr. L. C. Reynolds acted as Toastmaster and spoke of "Kentucky." In eloquence seldom heard he so pictured our dear old State that all must have felt pride in being a resident of her. Rev. Harrop responded in his usual charming manner, closing with a splendid tribute to our young people and the Union League of Christian Endeavors, wishing them continued success in their work.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it: M. C. Chisholm, 317 East Second street, Maysville, Ky., says: "The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."
